

## Concluding word

Dear readers,

Sanghamitra wishes you all a happy, prosperous, healthy and blissful new year 2009 (See the importance of the year in **Special 2009** article). Now we are realizing the importance of time management after seeing so many letters asking for new articles and more number of pages. We are working hard to satisfy majority of the readers. We are starting a new article **Words of Wisdom** (You should say WOW! after reading it) with the blessings of Didiji, founder of Radha Madhav Society. '**Mathematrix**' is going to amaze you starting April issue.

We request you to send articles either a science article, news article, about culture or anything that you think is useful for the readers. Send any articles or your feedback to [susri@sanghamitra.org](mailto:susri@sanghamitra.org).

We are working on giving prizes to winners by contacting friends' network. Send your answers before March 15<sup>th</sup> either by E-mail or Postal mail. Encourage your kids to do Kids' Xword and other challenges. Tell your friends about Sanghamitra.

Note : Answers should be sent on or before **March 15<sup>th</sup>**.

Sanghamitra Team.
