

Foreword

Hope the kids are having wonderful time spending their summer holidays. Thank you for your letters regarding cover page, NRI Page, Kids' pages and Salutation to your solution. Thank you for those who sent pictures for cover page. Some of them we could not consider due to low resolution. Please send us nice pictures and we make them appear as Sanghamitra cover page. We are trying to provide nice cover pages, which when seen by a person should automatically make him say "Wow!". Sanghamitra is looking for committed volunteers in the areas of writing articles related to festivals, about noted personalities, any public events and also proof reading. If you wish to extend your hand, please send mail to susri@sanghamitra.org.

This year 'Srinivasa Ramanujan Mathematics Club' started successfully and new young energy is curious to know about the tips and tricks. Seniors (4th grade – 10th grade) are thoroughly enjoying the classes. There are more than dozen kids in the senior group attending regularly and 6 kids in Juniors group are interested to participate in Medhavadhanam 2008.

"Learn Telugu in fun way!" program went well. Even though very few kids attended the program, it was amazing. They had fun time while listening to stories and riddles. Surprisingly they came up with some riddles and stories of their own. It was nice to listen rather than to explain. "Story time for everyone" program is scheduled for July 13th evening.

As usual we received lots of suggestions for improving the magazine and we are working on some of them.

Let us meet again in the next issue due in October.

-Sanghamitra Team.
